Payment Policy

Our policy is to require payment at the time services are rendered. We realize that every person's financial situation is different, and for this reason we offer a variety of payment options. These options are provided to make quality care affordable to everyone and to ensure that each of our patients enjoys the benefits of healthy eyes.

PAYMENT OPTIONS

Cash or Check: We accept cash and electronically process personal checks.

Credit Cards: We accept payment by Visa, MasterCard, and American-Express, and Discover Card. (Medical Debit Cards may also be used).

INSURANCE

Our office will submit your claim and do everything possible to see that you receive the full benefits of your coverage. However, because the insurance policy is a contract between the patient and the insurance company, we require patients to be directly responsible for all charges. We can make no guarantee of any estimated coverage. We require payment of deductible (if any) and /or your co-payment (if any) at the time of service. Fees for non-covered services and materials will be your responsibility and should also be paid at the time of service.
